

Security Advisory

04.11.2018

VULNERABILITY DETAILS & ACTION PLAN

Adobe has released security updates to address vulnerabilities in Adobe PhoneGap Push Plugin, Adobe Digital Editions, Adobe InDesign, Adobe Experience Manager, and Adobe Flash Player. A remote attacker could exploit some of these vulnerabilities to take control of an affected system.

US-CERT, a division of the U.S. Department of Homeland Security, encourages users and administrators to review the listed Adobe Security Bulletings and take appropriate actions.
