

Security Advisory

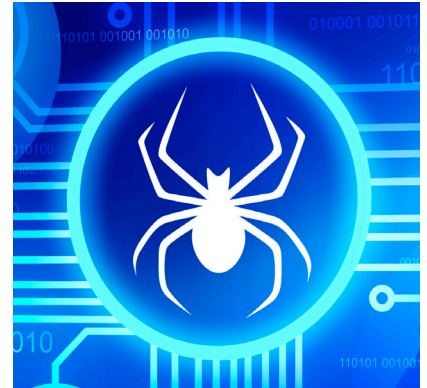

05.14.2018

VULNERABILITY DETAILS & ACTION PLAN

Adobe has released security updates to address vulnerabilities in Adobe Acrobat, Reader and Photoshop CC. A remote attacker could exploit some of these vulnerabilities to take control of an affected system.

NCCIC encourages users and administrators to review Adobe Security Bulletins [APSB18-09](#) and [APSB18-17](#) and apply the necessary updates.

Need help?

SyCom will be happy to assist with remediation efforts related to any vulnerability your business might experience.

Contact your Account Manager to explore ways we can help.
